Stop hiding  
out online!

My name is Julia Stege,  
the Magical Marketer,  
founder of Magical  
Marketing and Graphic Girlz.

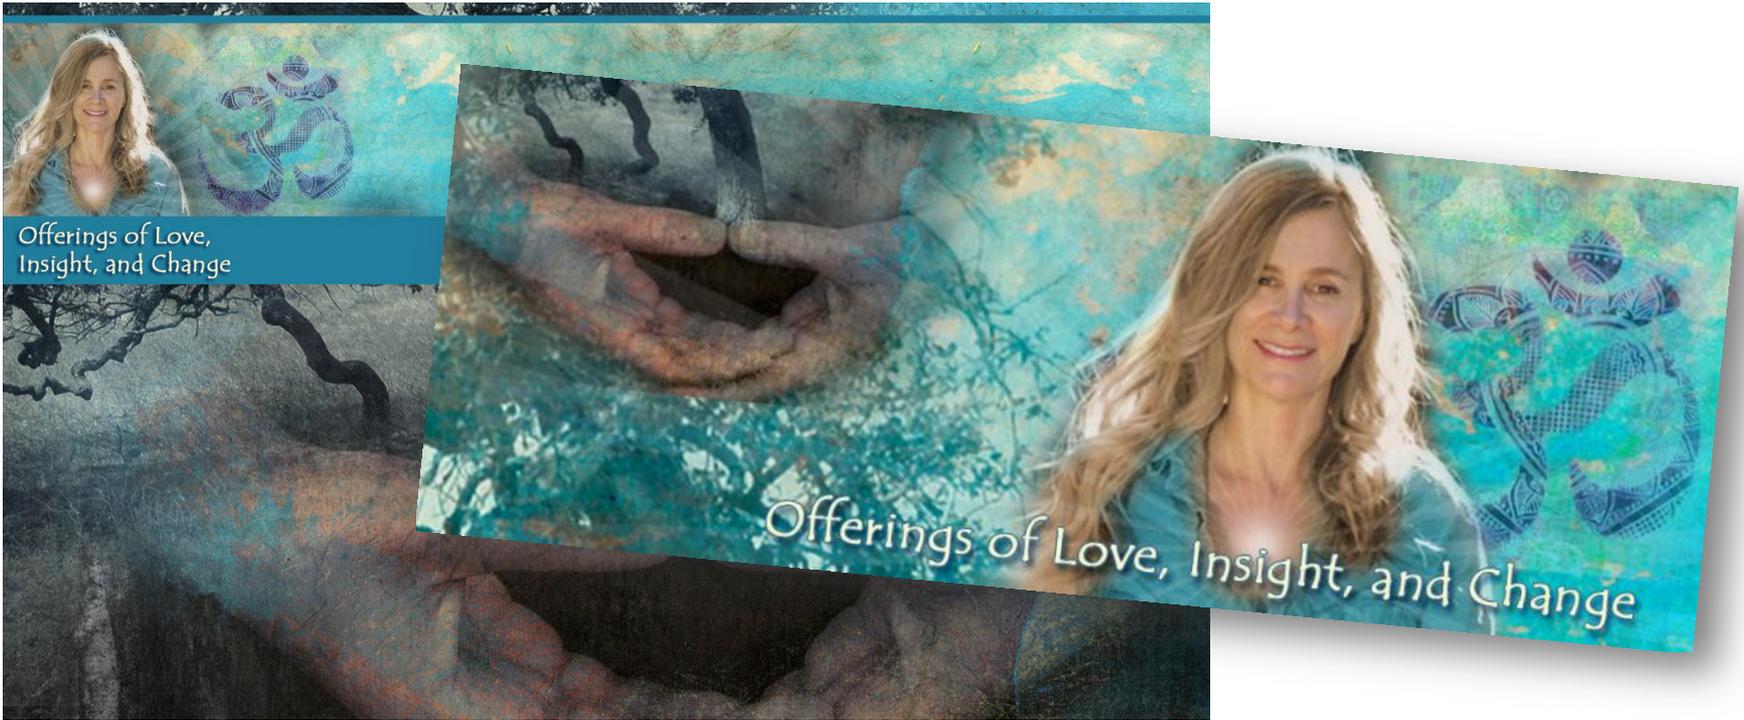

I'm an intuitive branding  
artist with a BFA in graphic  
design and an MFA in media  
studies. I also am a certified  
Character Code Client  
Coach™ and a Strategic  
Attraction Coach™. I And I  
got my sales degree from  
Grateful Dead University!

Wow, I have  
a lot of  
creds!

# The main thrust of my career has involved creating unique, beautiful brands & websites for entrepreneurs with a big mission

"I love my website. Working with Julia helped me to become very clear about my work and my website now represents me completely - the look, the feel, and the message. Since we launched, I've attracted a steady flow of new visitors and people contacting me. My practice has doubled and I need to create courses to serve all the additional people coming to me. Thank you, Julia!" Carrie Dinow, Psychotherapist , [www.carriedinowcounseling.com](http://www.carriedinowcounseling.com)

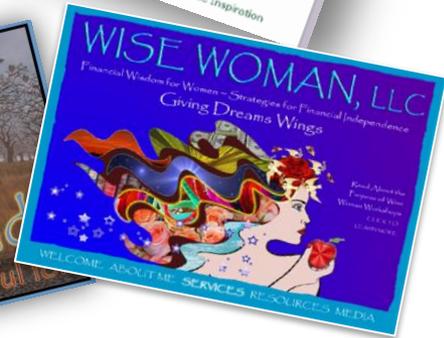

[WWW.MAGICAL-MARKETING.COM](http://WWW.MAGICAL-MARKETING.COM)

I love helping change-makers clarify their message and get it out to the world in an inspiring way.

I've worked with some great change-makers, like Julia "Butterfly" Hill, Iyanla Vanzant and Café Gratitude founders Terces and Matthew Engelhart, and Spiritual Marketing Guru Suzanne Falter!

# I Love My Clients!

*...but it wasn't always this way!*

Back in the 80s, I Made My Marketing Debut  
On Madison Avenue in Manhattan...  
Just a few blocks from this sign.

I created designs for big corporations like  
Burger King and entertainment giants like  
Carnegie Hall and HBO, and I learned the  
tricks of the traditional marketing trade:

**It's all about Brainwashing,  
Lying, and Hype!**

**Oh My!**

**...I left NYC and  
drove west in  
search of a more  
authentic life**

This is me in my late 20s, during my activist days in DeKalb, Illinois, a very conservative town. I learned how to create marketing that attracts isolated rebels out to change the world!

I studied a lot of philosophy, especially having to do with Humanistic ideals such as Freedom.

I became quite picky about what I was willing to promote, how I was willing to promote it and to whom!

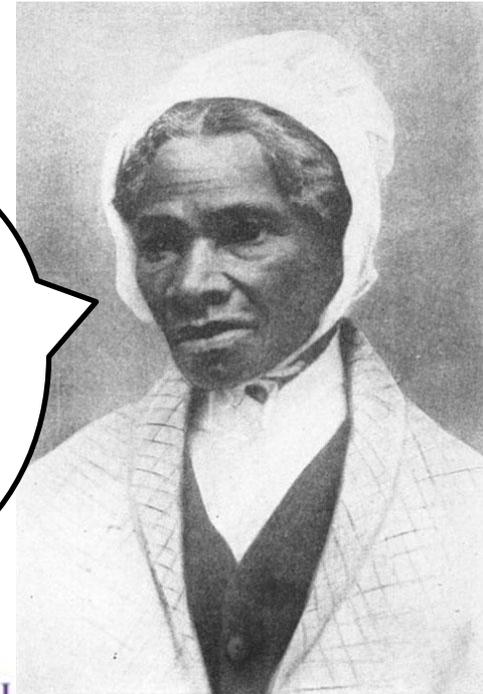

***PS: It's not all about the \$\$\$***

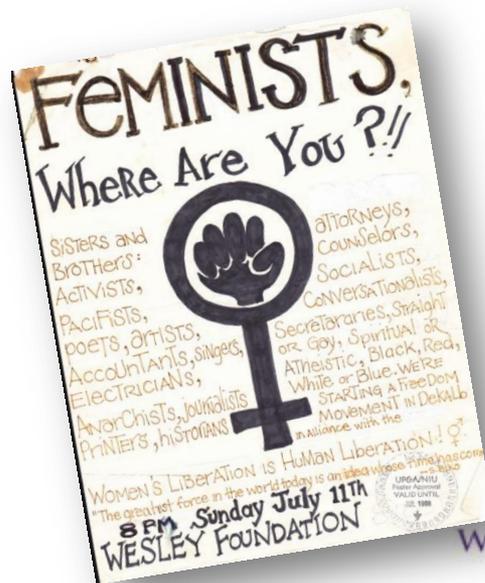

G.W.F. Hegel  
(1770 - 1831)

Only that which is an object of freedom can be called an idea!

Sojourner Truth  
(1797 – 1883)

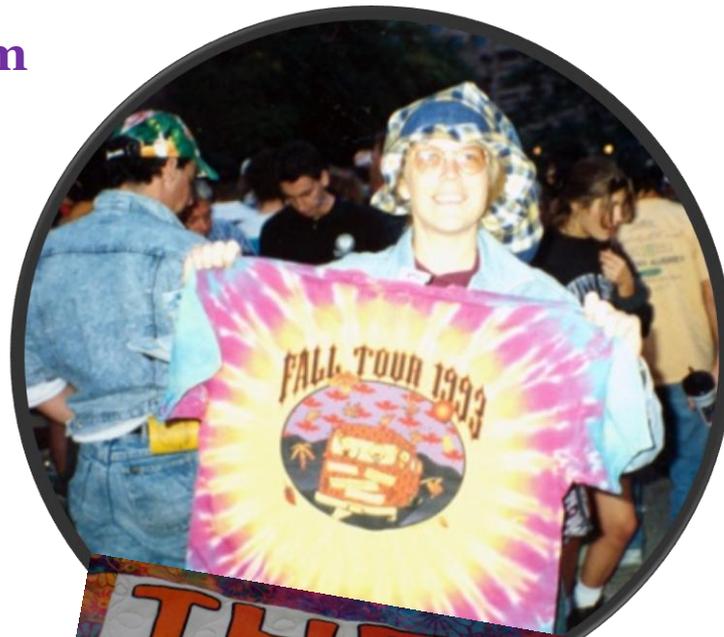

“Truth is powerful and it prevails.”

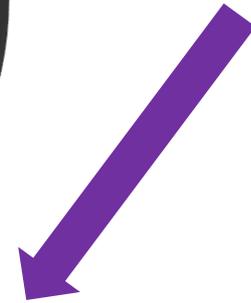

**I got my Sales Degree from Grateful Dead University between 1991 – 1995!**

I spoke with countless thousands of people from all walks of life and sold over \$100,000 in original t-shirts and buttons from the parking lots of America's Stadiums.

*What I learned that people buy what they know or what feels familiar to them.*

The only feminist Grateful Dead T-Shirt ever created!

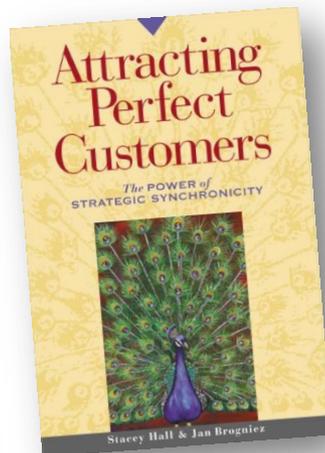

Landmark Education

“ The reality, conditions, and circumstances of the future do not exist as facts. They exist only as a product of the *conversations we are*—making communication the most important and fundamental access to fulfilling what is possible. ”

I delved into transformational inner work at Landmark Education in 1998, then got into the modern metaphysical movement and finally discovered Attraction Planning through Perfect Customers, Inc

That's when I began to apply the magical principles of the Law of Attraction to marketing.

**Essential Ingredient to  
Magical Marketing:**

# Authenticity

# 1) What's the first step you need to take to attract your Soul Tribe Online?

*Answer: Clarify who and what you want to attract through your site.*

The first step to creating an authentic brand is to define what you really want. The most powerful tool I've discovered for this process is the Strategic Attraction Plan by Jan Stringer & Alan Hickman of Perfect Customers, Inc.

*See my chapters on Pgs 35 & 100 !*

*I needed Attraction Mentors to help me think differently about business!*

# The Attraction Plan will help you to clarify “WHAT’S PERFECT FOR ME?”:

- DESCRIBE your perfect customers
- IDENTIFY your purpose
- SPECIFY what you really want
- DECLARE who you get to be to attract what you say you want
- *This will form the foundation for all your attractive marketing.*

***This is  
how I  
attracted  
Suzanne  
Falter***

I wrote down on my attraction plan that I wanted to attract an incredible Marketing Guru to refer me to her clients.

I was searching For a website designer who would really GET my clients and I referred 20 high end clients to Julia!

## 2) Why are so many of your perfect customers are confused about what you do?

*The Devil  
is in the DETAILS  
So don't share them!*

If I shouldn't share the details about my modalities, what should I share?

*Share your purpose and gifts authentically to attract like-minded souls seeking your assistance. Engage your peeps in a conversation from the heart and soul.*

***I help spiritual business women and conscious entrepreneurs clarify and express their purpose through marketing that attracts their tribe and inspires a revolution.***

You go girl!

WWW.MAGICAL-MARKETING.COM

When you use words that reflect your Soul in your marketing those who are a match for you are drawn to you by their intuition...

***Because Like Attracts Like!***

## **Attractive Copy Writing**

**Tip:** Write your Site Copy from the heart, as if you were writing a letter to a dear friend. Make sure to include a Call To Action on each page.

***This is  
how I  
attracted  
Iyanla  
Vanzant***

I wrote Iyanla's  
name down in my  
Attraction Plan  
and she called me  
2 weeks later!

I saw those  
words together  
and I had to click  
that link!

**Magical + Marketing  
= Magical Marketing**

# 3) What is the secret ingredient to inspiring prospects online?

*Hint... they can SEE faster than they READ*

Are you suffering from the loss of someone dear?  
*of someone dear?*

Do you feel immobilized by thoughts about death and dying?

Are you exhausted and at your wits end from the care of a dying loved-one?  
*from the care of a dying loved-one?*

Are you surrounded by people who avoid, deny or demonize death? Do you feel confused, frightened, and feeling abandoned in dealing with the physical, emotional and spiritual challenges of dying, caregiving or grief? You are not alone. Death is one of the best kept secrets of our time.

Death is also one of the best opportunities of your life!

Death shatters the rhythm of daily life. In the frightening chaos that follows in its wake, there is a unique opportunity for discovery and transformation. When the roles and routine are stripped away, what all you know and have counted on become dust, something else can emerge like the phoenix from the ashes.

The being you really are and the purpose for why you are here!

If you are too afraid to open up to the experiences of dying, if you shut down, become rigid or mindlessly follow the frightened lead of others, you miss out on this profound and magical time. In shutting down you will cease to feel, to hear and to see with your heart. You will miss the love, the intimacy and the knowledge that death can provide.

Michelle has a very tender thoroughness that goes straight to the heart of emotional inquiry. I felt validated and encouraged to pull the diamonds of truth from the grief still remaining. She gave me encouragement to keep moving in the direction of forgiveness.

## Lydia's Rave Review

“I had been spinning my wheels on developing my website. When I met Julia, through the wonder of Facebook and a friend's Share, I understood why it had been so difficult. I was missing the magic ingredient: Authentic Attraction instead of just plopping information in a website. The Attraction Plan was the first step to put me on the right course. Julia's brilliant coaching and direction gave me the guidance I needed to bring it all together: the visual aesthetic, theme, message and services. Artist, entrepreneur, stir-stick, powerful business woman - Julia is all that and more. I am so grateful to have her on my magical manifestation team!”
