I'm Julia Stege, the Magical Marketer.
I'm a Brand Channeler, helping you express your
essence through your marketing.

- I've created hundreds of websites for change-makers
- I've attracted over 40,000 aligned followers online
- And I've made over \$1Million in Sales
- Just by being myself!

For over 30 years I've helped out-of-the-box creatives, mystics, healers, leaders and change-makers to express their purpose through marketing that attracts their tribe and inspires a significant connection, A revolution even...

I have a special way of assisting change-makers to clarify their message and get it out to the world in an inspiring way.

I've worked with some great change-makers, like Julia "Butterfly" Hill, Iyanla Vanzant and Café Gratitude founders Terces and Matthew Engelhart, and Spiritual Marketing Guru Suzanne Falter!

I LOVE my clients!
But it wasn't
always this way...

Back in the 80s, I Made My Marketing Debut
On Madison Avenue in Manhattan...
Just a few blocks from this sign.

I created designs for big corporations like
Burger King and entertainment giants like
Carnegie Hall and HBO, and I learned the
tricks of the traditional marketing trade:

**It's all about
Brainwashing,
Lying, and Hype!**

Oh My!

**...I left NYC and
drove west in
search of a more
authentic life**

WWW.MAGICAL-MARKETING.COM

I became quite picky about what I was willing to promote, how I was willing to promote it and to whom!

The message became essential!

I have spent the last 15 years combining Metaphysics and Marketing Strategies to create Magical Marketing.

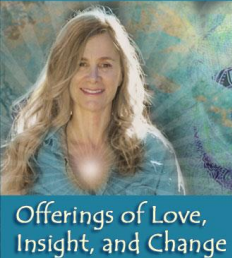

I discovered that THE essential key to successfully attracting your divinely aligned Soul Tribe Online is

Authenticity

“Be yourself. Everyone else is already taken.” Oscar Wilde

I doubled my practice within 2 months after we launched my new, more soulful website!

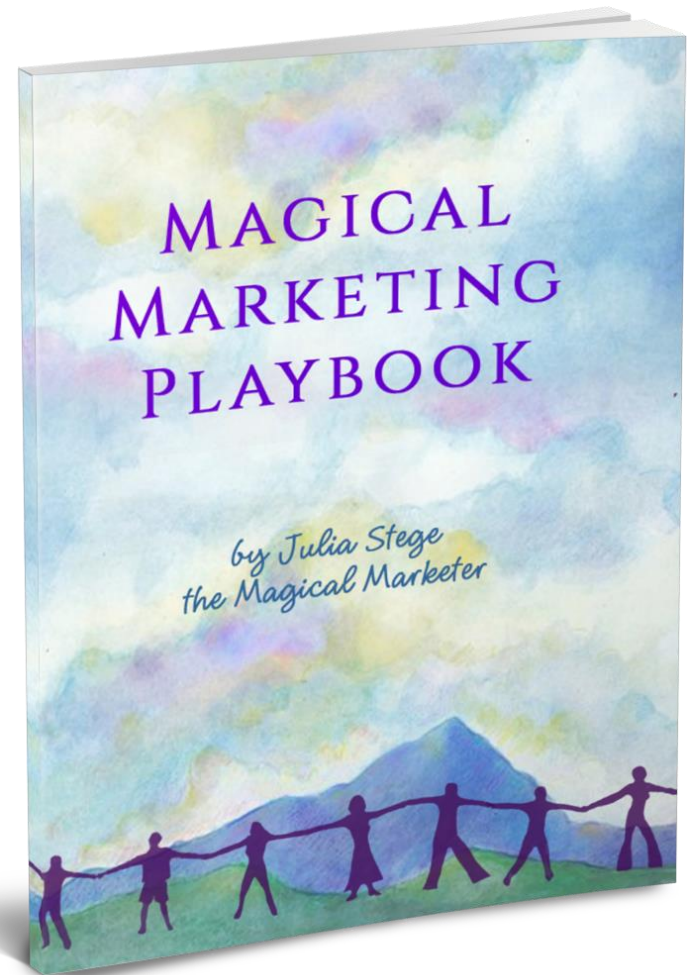

"I love my website. Working with Julia helped me to become very clear about my work and my website now represents me completely - the look, the feel, and the message. Since we launched, I've attracted a steady flow of new visitors and people contacting me. My practice has doubled and I need to create courses to serve all the additional people coming to me. Thank you, Julia!"

This is how I attracted Iyanla Vanzant

I wrote Iyanla's name down in my Attraction Plan and she called me 2 weeks later!

I downloaded Julia's free offer. Then called for my free consultation.

And now she's got her own show on Oprah's Network!

In the many lectures and workshops I have been blessed to offer, I often say to people, "Tell your story because your story will heal you and, it will heal someone else." Each life is a story filled with the drama, surprises and mysteries that make living a wonderful and interesting journey... If you have a story, then you have the potential to be a healer, a teacher, a more conscious, productive individual and, a Spiritual Life Coach.

Be Blessed!

Are you suffering from the loss of someone dear?

Do you feel immobilized by thoughts about death and dying?

Are you exhausted and at your wits end from the care of a dying loved-one?

Are you surrounded by people who avoid, deny or demonize death? Do you feel confused, frightened, and feeling abandoned in dealing with the physical, emotional and spiritual challenges of dying, caregiving or grief? You are not alone. Death is one of the best kept secrets of our time.

Death is also one of the best opportunities of your life!

Death shatters the rhythm of daily life. In the frightening chaos that follows in its wake, there is a unique opportunity for discovery and transformation. When the roles and routine are stripped away, when all you know and have counted on become dust, something else can emerge like the phoenix from the ashes.

The being you really are and the purpose for why you are here!

If you are too afraid to open up to the experiences of dying, if you shut down, become rigid or mindlessly follow the frightened lead of others, you miss out on this profound and magical time. In shutting down you will cease to feel, to hear and to see with your heart. You will miss the love, the intimacy and the knowledge that death can provide.

A DOORWAY TO A MORE FULFILLING LIFE

Michelle Peticolas

SPEAKER BIOGRAPHY

Michelle Peticolas is dedicated to shifting the way people think about and deal with death. Filmmaker, speaker, educator and coach, she helps people discover the life-enhancing lessons within the challenges of illness, death and loss.

With an infectious curiosity, irreverent sense of humor and life-embracing spirit, Michelle gives presentations on death that are both uplifting and mind-expanding.

- Healthcare professionals gain a deeper understanding of their work with the dying and a greater appreciation of their clients' experience.
- Families coping with life-threatening illness and loss explore their hopes and fears while acquiring new insights and a deeper understanding of death, caregiving and loss.
- Organizations can more easily broach difficult end-of-life issues with staff or clients that are less fearful and more open to discussing death.

Trained as a sociologist, Michelle produced the award-winning three-part documentary series Secrets of Life and Death in response to the loss of her own parents, barely six months apart.

Stunned by her own lack of preparation and by the fear and the shame that surrounds dying, she created films that would open hearts and minds around the subject of death.

These beautiful, life-affirming films set the stage for a profound exploration of death, caregiving and grief and the ways in which they transform our lives.

While Michelle's presentations are most compelling when coupled with a screening of one of her films, she can speak to audiences either with or without them.

Lydia's Rave Review

"I had been spinning my wheels on developing my website. When I met Julia, through the wonder of Facebook and a friend's Share, I understood why it had been so difficult. I was missing the magic ingredient: Authentic Attraction instead of just plopping information in a website. The Attraction Plan was the first step to put me on the right course. Julia's brilliant coaching and direction gave me the guidance I needed to bring it all together: the visual aesthetic, theme, message and services. Artist, entrepreneur, stir-stick, powerful business woman - Julia is all that and more. I am so grateful to have her on my magical manifestation team!"
